Statement on ballot lottery:

The results of the ballot lottery held on Thursday, November 14th, will stand as final. The director conducted the lottery in good faith, utilizing a fair and impartial random selection process, after providing notice to the petitioners. The method of selection was clearly explained to all attendees, and no objections were raised at the time. Furthermore, neither the county nor the state elections offices have issued any official statements regarding the matter. Moving forward, the Board of Trustees of Talcott Free Library will establish a formal policy for conducting ballot lotteries, which will govern all future instances of this process.

Signed,

Loren Floto, Talcott Free Library Election Official
